

Glasstown Antique Fire Brigade

A NOTE FROM THE CHIEF ENGINEER:

To All Members of G.A.F.B.

First and foremost I hope all of you and your families are healthy and staying safe during these trying times.

As we are all looking forward to our 40th Muster Season getting there's the realization that things cannot be done as we would normally do them and may not be for some time.

Safety is our number one goal at all of our G.A.F.B. events, from you as members to the general public that attends. We the officers strive to make sure we are following all the Spaamfaa, local or event location guidelines to make sure everyone is safe while attending.

Hopefully in the days, weeks and months to come we will be able to start getting back to some sort of normalcy but there will be things in place that we have never encountered before.

It's for these reasons that we have decided to cancel our Spring Muster @ Memorial Lake Park in Woodstown, NJ.

Once we know what the new guidelines will be for Social Gatherings we will then put all are efforts into our Wheaton Arts Muster in August.

We will hold special meetings at some point to discuss these things which I will let you all know when so you may attend.

Stay Safe and hope to see you all soon.

Sincerely,
Ronald J Petrosky
Chief Engineer
